

SUMMARY

Computer Science Engineering undergraduate with practical experience in software development, feature validation and quality assurance. Experienced in contributing to product development through AI-assisted engineering workflows and end-to-end application testing.

EXPERIENCE

Software Engineer Intern at NUVAI AI SOLUTIONS PVT LTD, Bengaluru.

- Developed a Chrome Extension for real-time Closed Caption (CC) generation on a meeting platform using Claude Code, delivering accessibility-focused functionality and improved user experience.
- Worked with Vector Databases and embedding-based retrieval systems to support AI-driven search, context retrieval, and information access within application workflows.
- Leveraged Claude Code for feature development, code generation, debugging, testing, and iterative enhancement within an AI-assisted software engineering environment.

EDUCATION

Government College of Engineering, Erode (2022 - 2026)

CGPA : 8.4

B.E. Computer Science and Engineering.

Mount Park Higher Secondary School, Kallakurichi - 2020

Higher Secondary School.

Percentage : 93%

PROJECTS

SpendTrack : Built an AI-powered expense tracking application using Flutter with offline ML inference through TensorFlow Lite. Integrated Speech-to-Text, NLP-based expense extraction, and automated bank SMS parsing using regex for smart transaction management.

Parking Slot Management System : Built a Spring Boot-based web application to manage parking slot availability and user access. Implemented RESTful APIs for slot reservation with MySQL for data persistence, and Spring Security for role-based access management, and deployed the application on AWS EC2.

STYLEPICKZ E-Commerce Website : Developed a responsive e-commerce website for fashion retail using HTML, CSS, and JavaScript. Implemented product listings, shopping cart functionality, and basic user interactions. Deployed and hosted the application on Zoho Catalyst, implementing an efficient backend system.

TECHNICAL SKILLS

Programming Language: Java

Framework : Spring Boot, Selenium

Frontend : HTML, CSS

Database : MySQL

Version Control : Git, GitHub

CERTIFICATIONS

Programming in Java - NPTEL

Selenium Webdriver - Udemy

claude code action - Anthropic
